

Who We Are:

The Association for the Preservation of Geneseo (APOG) was founded by people who cared enough about the future to preserve the best of the past. In 1973, the General Education Committee of the Geneseo Garden Club called a general meeting to discuss ways to help save the Big Tree Inn from imminent destruction. The meeting was attended by about 75 people. From this first meeting, a smaller group organized and continued to meet and later became the Association for the Preservation of Geneseo .

"You can go home again to Geneseo. If not in reality, at least by way of a reflective recall of growing up in a small town during what seemed to be more settled and confident days.

We are the beneficiaries of the impact of family; community and place; and the presence of friends and neighbors who were both in the community and of the community.

Main Street is no longer sheltered by a nave-canopy of great Elm trees, the Bear on the Fountain however remains: a symbol of continuity linking the vibrant present with the misty past."

J. Robert Houston, 1989
